Mary points to a booth where a man is bobbing for apples. Other people cheer him on. It looks like a public drowning.

SARAH

I like this festival.

The man BURSTS OUT OF THE WATER WITH AN APPLE IN HIS MOUTH, YELLING VICTORIOUSLY! The Sisters recoil, AS:

A WOMAN calls out from a nearby FOOD STALL.

FOOD STALL WOMAN

Would you like a "poisoned apple"?

The Sanderson Sisters look over at her. She's selling CANDY APPLES, wearing a fake witch nose and pointy hat. Sarah leans in to give her advice.

SARAH

Thou should not say they are poisoned. No one will eat them if they know they are deadly.

MARY

Well they do look good. A little poison is probably fine --

Mary reaches for one but Winifred slaps her hand away.

WINIFRED

No eating until we find the Mayor--

They pass a **SCARECROW**, which looks like a decoration but is really an actor waiting to scare people. He lunges at them!

SCARY SCARECROW

RAHHHHHH!!

WINIFRED/SARAH/MARY

AHHHHHHHHHHHH!!!!!!

SCARY SCARECROW

(chuckling)  
Happy Halloween, ladies.

Mary and Sarah are terrified. Winifred is livid.

WINIFRED

Oh, 'tis funny to frighten people? Laugh at this, you sack of hay!
